

FIRE ACTION

If Fire Breaks Out In Your Home:

- Leave the room where the fire is straight away, then close the door.
- Tell everyone in your home and get them to leave. Close the front door of your flat behind you.
- Do not stay behind to put the fire out.
- Call the fire service.
- Wait outside, away from the building.

If You See Or Hear Of A Fire In Another Part Of The Building:

- The building is designed to contain a fire in the flat where it starts. This means it will usually be safe for you to stay in your own flat if the fire is elsewhere.
- You must leave **IMMEDIATELY** if smoke or heat affects your home, or if you are told to by the fire service.
- If you are in any doubt, get out.

To Call The Fire Service:

- Dial 999 or 112.
- When the operator answers, give your telephone number and ask for FIRE.
- When the fire service reply give the address where the fire is.
- Do not end the call until the fire service has repeated the address correctly.

- **Do not use the lifts**
- **Do not return to the building until you are authorised to do so**
